Kentucky State Capitol...in session

LABA is partnering with the Kentucky Chamber of Commerce to share Legislative Updates to our members in an effort to keep you connected on key issues. Each year the Kentucky Chamber's policy councils meet over the summer to research & analyze issues important to the business community. From this exercise comes their legislative agenda for the 2011 session.

The five key goals of the 2011 agenda are :

- Improve Education Attainment
- Modernize Government
- Promote Health & Wellness
- Make Kentucky Competitive
- Expand Kentucky's Role as an Energy Leader

The business agenda is developed annually with the input of business leaders from around the state representing businesses of all sizes. As the state's premier business lobbying organization, the Kentucky Chamber of Commerce is a recognized & respected voice at the state Capitol. With thousands of members representing every major industry sector, the Chamber's diverse business policy initiatives converge upon one goal: a healthy, vibrant Kentucky economy. Please visit www.kychamber.com for more details.

There are additional initiatives LABA will be utilizing to keep you informed on key legislative issues that may impact your business. If a critical issue arises that needs immediate action you will be forwarded an email from the KyBizVoice.com initiative. It's an easy process that allows you to take action with a click of a button.

We will also forward you a publication from the Kentucky Chamber entitled, "Frankfort Inside Out". Again with an effort to keep you better informed.

Note: Information provided by the KY Chamber of Commerce does not necessarily reflect the opinions LABA.
