Discounts for LABA Members on Health Insurance!

As a member of the Lyndon Area Business Association (LABA) you now have access to the *ChamberAdvantage* program. *ChamberAdvantage* was developed through a partnership between Anthem Blue Cross and Blue Shield and the Kentucky Chamber to save you money on your health insurance.

As a small business, you may think that health coverage is unaffordable. But with this program you have access to quality, affordable health plans from Anthem Blue Cross and Blue Shield.

LABA members with 2-99 employees are eligible for a discount on health coverage through the *ChamberAdvantage* program health plan. Choose from several valuable plans from Anthem Blue Cross and Blue Shield, with the strong local presence that Anthem is known for.

You spend wisely to keep your business running. So you probably know that cutting corners on health benefits doesn't help when a sick employee can cost you hundreds of precious dollars every day. With the *ChamberAdvantage* program, you don't have to.

Your LABA membership includes access to money-saving resources and tools to help you grow your business, including quality, affordable health plan options from Anthem Blue Cross and Blue Shield. And LABA members with 2-99 employees are eligible for a discount on health coverage.

The discount alone is nice. But consider what comes with it. Your choice of plans, from consumer-driven HSAs, HRAs and HIAs to more traditional solutions. A host of preventive programs to keep your employees healthy and productive. And a complete menu of coverage options, including pharmacy, dental, vision and life insurance benefits.

Your total health solution. You'll also benefit from Anthem's new 360° Health® health and wellness programs, which combine cutting-edge innovation with access to high quality, individualized coordinated care. 360° Health® pulls all aspects of care coordination, health improvement and preventive care together into a centralized user-friendly resource to help keep your employees healthy and productive.
